

src/reporter.h

```
graph TD; A[src/reporter.h] --> B[hero.h]; B --> C[actor.h]; C --> D[string];
```

The diagram illustrates a sequence of dependencies. It starts with a box labeled 'src/reporter.h' at the top. A blue arrow points down to a box labeled 'hero.h'. Another blue arrow points down from 'hero.h' to a box labeled 'actor.h'. A final blue arrow points down from 'actor.h' to a box labeled 'string' at the bottom.

hero.h

actor.h
